

# Intune Laptop Printing Guide

University staff can follow this guide to setup direct printing from an Intune laptop connected to eduroam. If you require further assistance, please [contact the IT Service Desk](#)

1. Login to <http://webprint.gre.ac.uk> with your university username and password, **without adding @gre.ac.uk** to your username

To sign in, please enter your username and password below.

Username:

Password:

2. Select **Driver Print**

3. Select **Windows**

4. Select **Advanced (3)** and press Continue

Show Driver Print Guide For?

- Windows 10
- Windows 8
- Windows 7
- Windows Vista
- Windows XP
- Mac OS X
- Linux

### Configuring Driver Print On Windows 10

Please choose how you would like to print:

- Simple (1) Print as easy as possible, no printer driver to download, just simple configuration
- Simple Direct (2) Easy setup, no printer driver to download, but print to a specific print queue
- Advanced (3)** Print using a printer driver designed for the output printer, allowing use of advanced output features. May involve download and installation of driver.

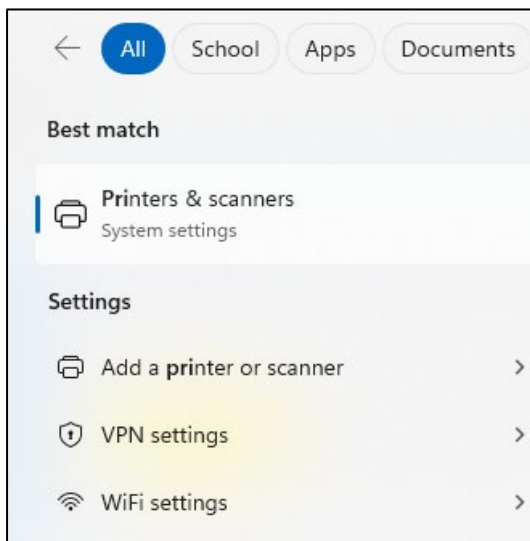

5. Select Greenwich (*includes Avery Hill*), Drill Hall or Medway

## 1. Select Destination Printer

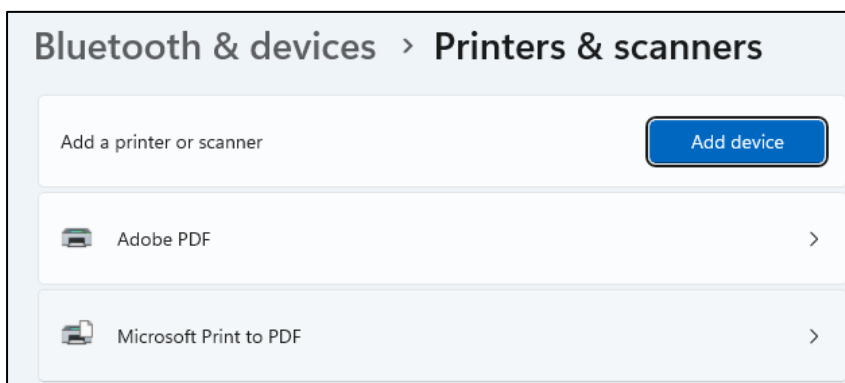

Begin by choosing the printer that you would like to print to, and instructions specific to that printer will be shown.

- Greenwich - MFD
- Medway - Drill Hall - MFD
- Medway - MFD

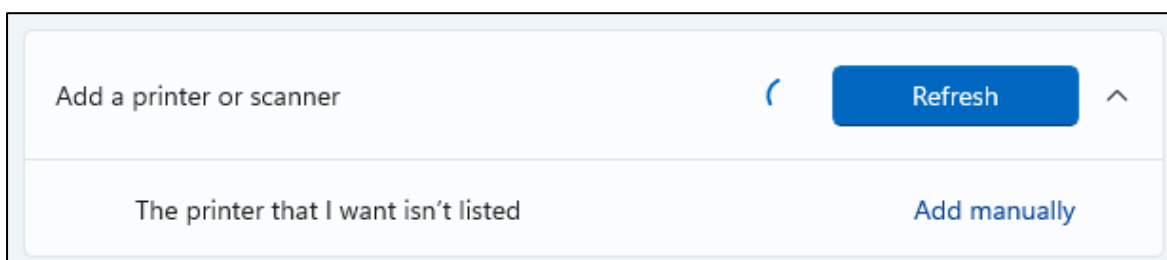

6. Type **printers** in the Windows Search field and select **Printers & Scanners**

7. Select **Add device**

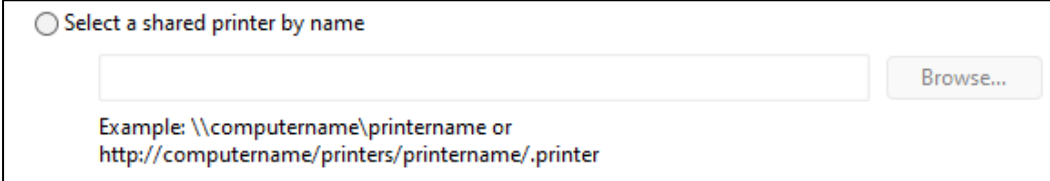

8. Wait a few second and then choose **Add Manually**

## 9. Choose **Select a shared printer by name**

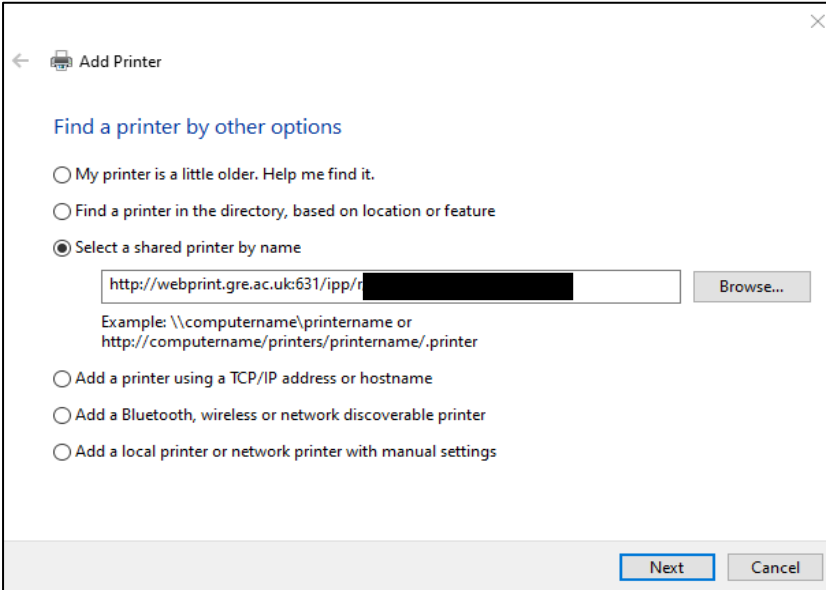

Select a shared printer by name

Browse...

Example: \\computersname\printername or  
http://computersname/printers/printername/.printer

## 10. Return to your web browser and find **Step 4** on the **Advanced Driver Print** page. Copy and paste the address into the name field and press Next. *This address is unique to your login so don't use your colleague's address.*

← Add Printer

Find a printer by other options

My printer is a little older. Help me find it.

Find a printer in the directory, based on location or feature

Select a shared printer by name

Browse...

Example: \\computersname\printername or  
http://computersname/printers/printername/.printer

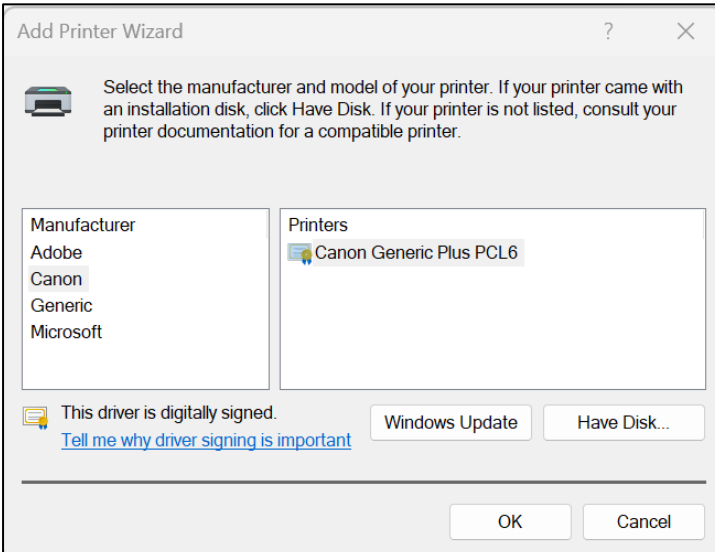

Add a printer using a TCP/IP address or hostname

Add a Bluetooth, wireless or network discoverable printer

Add a local printer or network printer with manual settings

Next Cancel

## 11. Select **Canon** for manufacturer and **Canon Generic Plus PCL6** for printer, and press OK

Add Printer Wizard

Select the manufacturer and model of your printer. If your printer came with an installation disk, click Have Disk. If your printer is not listed, consult your printer documentation for a compatible printer.

Manufacturer  
Adobe  
Canon  
Generic  
Microsoft

Printers  
Canon Generic Plus PCL6

This driver is digitally signed.  
[Tell me why driver signing is important](#)

Windows Update Have Disk...

OK Cancel
