Introduction

As the first STAART ART competition was such a success, we designed another crafty activity. We have created two online STAART colouring books – one with cats and one with dogs. The drawings have come from various people attached to STAART and the artists are different ages and in different locations, including one from Italy and one from Romania. The youngest person to enter was three and the oldest was 59.

There were three stages in the process:

1. Entrants drew their cat or dog (sometimes more than one, and some have a cat and a dog) and then captured the blank image. Some people have drawn portraits of family pets whilst others drew from their imagination.

2. Entrants then coloured in their drawing to suit their own tastes and what they envisioned that particular cat or dog to look like. They added their own name, location, age and the

name of their animal/s. They then captured the completed image.

3. Entrants then posted both of their drawings to our specialist STAART ART Facebook page - <https://www.facebook.com/groups/1494748690692646>.

The drawings were then compiled into two colouring books by Holly, one of our STAART Ambassadors. All of the images in the colouring book can be downloaded individually for anybody, anywhere to colour in.

We will be running our second STAART ART prize competition throughout October 2020. Anybody will be able to enter a drawing (or two) using any of the drawings in these two colouring books. It will be very interesting to see how different people interpret the same

design. Details of this competition will be available via our STAART webpages from September 1st 2020.
