

University of Greenwich Medway Campus Out of Hours Working Policy

The Faculty of Engineering and Science at Medway has a strong research culture and the nature of some of the activities involved inevitably requires work to be undertaken outside of the normal working day. To comply with various Health & Safety legislation, the Faculty must ensure that all work is performed safely. To properly assess the relevant risks involved with work performed outside of normal working hours, account must be taken of the nature of the work, the person undertaking the work and when the work is to be carried out.

To ensure that out of hours work is properly managed, the Faculty has agreed the following controls which apply to laboratories and other hazardous areas. Any areas not listed as a laboratory or hazardous area can be found in [Appendix 1](#).

Time Periods

Monday – Friday

08:00-18:00	Normal Working Hours – Category A
18:00-22:30	Evening Hours – Category B
